**FOR IMMEDIATE RELEASE**

**CUSTOMER SAFETY REMINDER**

The Springfield Water and Sewer Commission has received a report that an individual claiming to be a water and sewer employee has gained entry into a Springfield home. To protect your family and your home, please remember the following points:

- Do not allow anyone who claims to be a Commission employee into your home without checking their official water and sewer commission identification.
- Commission employees drive blue vehicles, with official license plates, and the Commission seal displayed on the vehicle.
- In most cases, Commission work is performed by appointment. At times employees will visit a property unannounced, however most of those contacts are due to a water or sewer emergency.
- You may contact customer service at 787-6206 or 787-6060 to verify that an employee is scheduled to perform work at your property.
- Payments and other account transactions are only accepted by mail, on-line or at designated payment locations. Commission employees never ask for cash payments, money transfers or refunds.
- If you suspect that an individual is unlawfully posing as a Commission employee, do not allow them access to your property and contact the local police department.
